“WORDS FROM OUR PRESIDENT”

First and foremost- thank you to the most fantastic e-board for making all of the progress ASU has experienced possible.

When I began as President of ASU at the beginning of the year I was given it as a blank canvas.

The beginning was difficult and it took a lot of time, organization, and patience to get it started again.

But I always had high hopes that with the help of many talented individuals we would be able to make it happen. With the help of our e-board, we were able to create amazing events where we brought recognition to the Asian population in FIU and South Florida.

We managed to form a space where Asian individuals could come together and form a safe and welcoming community. A place where we not only educate each other but also the rest of FIU about the wonders of Asian culture, history, and society. As an Asian Studies graduate and future Master's degree candidate, it is my pleasure to have aided in the elevation of ASU to the successful organization it stands as today.

I am thankful to all of the organizations in FIU such as the Japan Club, Korean Culture Club, Vietnamese Club, Chinese Club, and Geek Culture Club who have collaborated with us. I am confident that ASU will continue to grow as we continue to maintain that passion for making it better and better.

- ASU 2022 President Daylene Arias

BOARD MEMBER SEASON PT 1

Emma Chu

At ASU, I have met so many kind and hardworking people determined to improve cultural awareness and spread fun at FIU. Our board members have made ASU one of a kind!

From making interesting movie activities to planning winter festivities, the ASU board has made this semester unforgettable.

Maria Grigera

ASU made me realize the importance of making connections and putting myself out there. Throughout the years I have met many amazing people that have motivated me to always do my best and try new things, even when I did not think it was possible to do so. Great things never come from comfort zones.

Patrick Fernandez

It has been a pleasure meeting you all and becoming friends throughout the semester. I know that time's fleeting and that we may not have as much time together as I would have thought, but let's make the most of it. I hope that I would meet you all again within the following semesters and that we could work together in growing ASU. I wish you all the best, and I hope that you all would have an amazing winter break and New Year's!

Chiara Soccio

My favorite may be the tabling event or the Halloween event with Geek Club. I was able to have fun with the other officers, while still having the responsibility of an officer role. ASU has further taught me how to juggle extracurriculars and my other obligations. They are a very understanding and fun group of officers, with lovely members to match. It is so nice to get to know more people at each event while seeing how much the club grows/develops.

BOARD MEMBER SEASON PT 2

Laura Saenz

My favorite experience, I can't pick just one I have had such a fun time with all of you! I guess if I had to pick it would be cooking in my dorm for the events that were so much fun. But also the uncaging event was fun too.

Daylene Arias

My favorite experience in ASU was our Karaoke Night where all of our members got together to sing. I enjoyed seeing everyone have fun and take a load off just before finals. I hope we get to do more in the future!

Nala Evbriene Duriman

I hope that ASU strives to continue on into the future, keeping in mind the goal of creating a great community!

Shiori Yamazaki

WISHES

TO OUR ASU FAMILY, WE THANK YOU FOR YOUR SUPPORT AND YOUR PRESENCE IN OUR MEETINGS. AS WE ENTER THE BREAK, PLEASE REMEMBER:

01.

Go play some sport or do something you really enjoy then take a warm shower and read something that you like to read and forget about the world for a while.

We all need some time to just unwind with a good book and very importantly sleep as much as we can preferably over the night to get the best relaxation.

02.

A great way to relax is by grabbing a good book or playing your favorite video game with friends. All of this plus a large cup of boba tea is the way to go!

We suggest matcha, taro, and mango for a nice treat!

03.

Doodle! Make doodles based on the topic of "free" and let your mind run wild! Let your pen wander.

Don't worry about mistakes, just keep going!
